When I connect my ACS495's to my computer, I got a message in the windows device manager that the speakers were not present, not connected, or not all the drivers were installed. I called altec lansing, and they said that the usb would not work with win98 se. Later, I went over to a friend's house, and he has ADA310's (they work on the same platform as the acs495's), and his are working fine ...
