Reading Instruction Reading is the fundamental skill upon which all formal education depends. Research clearly shows that children who are poor readers at the end of first grade are never likely to acquire the reading skills they need to successfully complete elementary school– unless these students are identified early in their school career and given the intensive, systematic intervention they require .

A special edition of American Reading Instruction was reissued in 2002 which highlighted the historical research Smith undertook. It contained a new final chapter on American Reading Instruction since 1967 authored by P. David Pearson. The International Reading Association offers two grants in Smith's name. One is an award to honor middle or high school teachers who have translated theory and research into practice.
