A harsh rejection, a personal loss or perhaps public embarrassment may have left a mark on their map, preventing them from pushing forward in the future. Language and NLP The final theory behind NLP coaching is that it is down to the person to push the boundaries of our maps by "reprogramming our internal control systems".

~~NLP - Life Coach Directory~~

Neuro-linguistic programming is a method of changing a person's thoughts, feelings, and behaviors, for achieving desired results for them. The rise in popularity of NLP or neuro-linguistic programming has become common since its inception in the 1970s, in California. The system's usage includes treatment of stress, anxiety, and phobias disorders; along with coaching and training techniques for enhancing performance and growth in one's personal and professional life.
