*John Saeed : Trinity Research - Trinity College Dublin*

John I. Saeed's Semantics (now in its second edition) is an  
introductory text book. It is a general and broad introduction to some  
of the central ideas of semantics and also some of the most important  
semanticists. It assumes no knowledge of semantics, but a general idea  
of linguistics and its subdisciplines, e.g. syntax, morphology,  
phonology, etc. is helpful.
